

DAUGHERTY IS TO GIVE DATA OF HIS TENURE

ADMINISTRATION OF DEPARTMENT TO BE MADE PUBLIC

ATTORNEY GENERAL TO GIVE THIS RECORD TO THE SENATE COMMITTEE

WILL BEGIN IT IN A SERIES OF PUBLIC SPEECHES APPEALING TO PUBLIC OPINION

Congress Today
By United Press
Senate: Interior department appropriation bill.
House: Tax bill.

Washington, Feb. 23.—Attorney General Daugherty today was preparing a detailed record of his administration of the department of justice, in answer to charges on which his removal from office is sought.

Daugherty will present this record to the senate committee which next week will begin investigating him. He will begin it in a series of public speeches where he will appeal to public opinion not to convict until a hearing on the charges made by Senator Wheeler, Montana, are heard.

Having made it plain that he will not resign voluntarily, Daugherty let it be known today he does not expect President Coolidge to ask him to resign until he has been given an opportunity to face his accusers before the senate committee.

Daugherty won the support and aid of John T. Adams, chairman of the republican national committee, who in a statement asserted that "only a few political blackguards and scandal mongers" were behind the effort to oust Daugherty.

Aside from Senator Walsh of Montana, a democrat, the leading figures in the effort to get Daugherty to resign, are Senators Lodge, Massachusetts, republican leader, and Senator Pepper, Pennsylvania, one of the recognized administration speakers in the senate.

Adams said the attack on Daugherty was unjust and that it was not fair to those who were conducting this campaign on a system of terrorism.

"GET FACTS FOR LEGAL CASES"

Washington, Feb. 23.—"Get facts that will make legal cases for prosecution."

This is the purpose of Senator Walsh, leading crusader in the naval oil reserve leases, as he scrutinized the program for next week's probings of the Teapot Dome committee.

Walsh, who has just returned to Washington after a week's absence to study the scope of the inquiry, is bent upon getting the investigation out of the realm of gossip and fancy and return it once more to developing the fundamentals of the situation.

PRESIDENT'S SECRETARY CITED AS WITNESS

Washington, Feb. 23.—After a series of conferences designed to develop a new line of inquiry into the oil leasing scandal, Thomas J. Walsh this morning notified C. Bascom Slemp, secretary to President Coolidge, to appear before the investigating committee at 10 a. m. Monday.

Slemp will be the first witness, and strong indications are that he will be questioned about certain stock transactions.

Walsh made this announcement after conferring with Senators Ashurst and Kendrick, democratic members of the committee.

DOES NOT DESIRE WALLACE TO LEAVE

Washington, Feb. 23.—President Coolidge will take steps within a day or two to dispel the impression that he desires Secretary of Agriculture Wallace to leave the cabinet, it was learned today.

Criminal and Liquor Ring Believed Unearthed

DOUBLE MURDER AND SUICIDE; SCENE IS ENGLISH CATHEDRAL

London, Feb. 23.—Hundreds of persons in a crowded street fronting Westminster cathedral were horrified today when the bodies of a boy and girl hurtled 300 feet from the top of the cathedral and crashed on the pavement.

A few seconds later the body of a woman fell within a few yards of those of the children.

Police believe it a double murder and suicide. The bodies were too broken to be identified.

The tragedy occurred at 4:30 p. m. when the streets near the cathedral were crowded with Saturday afternoon holiday throngs.

Police questioned guards in the cathedral as to how the woman and children had managed to get to the top of the cathedral.

AUSTRIA RETURNS KEYS OF LYONS TO FRANCE

Paris, Feb. 23.—Austrian Minister Elchoff has returned to France the keys of the City of Lyons, seized by an Austrian army in 1915. The purpose of the affair is to demonstrate Austria's gratitude for financial assistance accorded her by the League of Nations, with France's permission.

himself over the farm relief program, and Wallace's differences with Secretary of Commerce Hoover over foreign trade policies, as they relate to agriculture.

In any event, the president is understood to feel that these differences can be ironed out without causing Wallace to resign.

Wallace, one of his close friends said today, is ready to quit the capitol if that would be conducive to harmony in the administration.

Thus far he has not discussed with Mr. Coolidge the question of resigning, but it has been discussed among some of his close associates.

VETERANS WANT SOLDIER BONUS UP

Washington, Feb. 23.—World war veterans in the house at a meeting today decided to serve notice on administration leaders that the soldier bonus must be passed next week.

A committee of five soldiers will see the republican leader, Longworth, today and demand his promise of immediate bonus action.

Representatives Johnson, South Dakota, and Fish, New York, both of whom saw service on the firing line in France, are in the forefront of the new move to force action on the bonus immediately after the tax bill is passed by the house.

CLAIMS COOLIDGE COURTS POLITICAL RUIN

Washington, Feb. 23.—President Coolidge is courting political ruin by keeping Attorney General Daugherty in the cabinet, Senator Robinson, Arkansas, democratic floor leader, said today in a speech to the senate.

Robinson's speech was delivered just after it had been announced at the White House that Mr. Coolidge had endorsed Daugherty as a Coolidge delegate from Ohio, to the republican national convention.

This step by the president, followed within less than 24 hours a defense of Daugherty by John P. Adams, chairman of the republican committee, who said the assaults on Daugherty were being conducted "by political blackguards and scandal mongers."

It must be clear to everybody," Robinson said, "that as long as the president continues as an intimate public advisor a man who has lost his confidence and the confidence of the people, it is calculated to work out the political ruin of the executive."

Impeachment proceedings against Attorney General Daugherty were suggested by Senator Borah on the floor of the senate today.

Borah said that "the only way this investigation can go forward is by impeachment."

"For my part, I am willing to take my part in laying the foundation for such proceedings."

MURDER MYSTERY ENLISTS AID OF 6 CITIES TODAY

BODY OF MAN IDENTIFIED AS JOHN DUFFY FOUND IN CHICAGO OUTSKIRTS

LAST NIGHT BODY OF DUFFY'S WIFE FOUND ON DAVENPORT IN HER HOME

(By United Press)

Chicago, Feb. 23.—Aid of police of a half dozen cities was enlisted today by Chicago, to help clear the city's latest murder mystery.

The body of a man, identified as John Duffy, was picked from a snow drift on the outskirts of Chicago yesterday. Last night the body of a woman identified as Duffy's wife, was found on a davenport in her apartment.

Duffy had been shot through the head. The woman also had been shot through the head, apparently while she slept.

Search is being made for Mr. and Mrs. Jack Horton who shared the apartment with the Duffys.

Mrs. Duffy and Mrs. Horton are from Louisville, Kentucky, police said.

Police are at a loss for a motive in the double killing. Jealousy was advanced by some, while others believed the victims were involved in some way in Chicago's beer war.

Officers in Louisville, Indianapolis, Philadelphia, Berkeley, Calif., and other cities have been asked to help in the hunt for the Hortons and to help find the motive in the affair.

The Duffys and Hortons were known to have lived in or visited the cities named during the past few months. Police said that the Duffys had been shot to death in their apartment. The man's body had been taken by automobile to the spot where it was found. Officers found the woman's body when they broke into the apartment in a hunt for clues to the man's murder.

BELIEVED TO HAVE BEEN A FUGITIVE

Philadelphia, Feb. 23.—John Duffy, who was murdered in Chicago, is believed by police here to be John Dougherty, fugitive wanted in Philadelphia for one murder and a number of robberies.

Dougherty, according to the police, shot and killed a negro preacher here a number of years ago, and was suspected of being implicated in several other slayings.

Redskins Bit Dust, But Pistol Bullet in Poppun Hits 'General,' Aged 7

Minneapolis, Feb. 23.—"General" Eugene Carey, aged 7, staged an imaginary war with Indians in his home at 423 Rice street, St. Paul, and before the smoke of battle cleared away, scores of "redskins had bit the dust."

"General" Carey also was wounded, however, and the war was called off. The youngster ran out of ammunition for his popgun, which works best with cork bullets, so he tried a real .32 caliber pistol bullet. The wire spring struck the cap, the bullet was discharged and Eugene was wounded in the finger and the nose.

His mother, Mrs. Eugene Carey, declared an armistice.

Girl, 16, Missing Week, Found in St. Paul

Minneapolis, Feb. 23.—Margaret Barry, aged 16, Lincoln junior high school girl who disappeared Feb. 15, was found yesterday in St. Paul by Mrs. Minnie Moore, policewoman. She explained she ran away because her father and sister scolded her for not going to school regularly. The girl went to St. Paul to visit an aunt.

MOTORISTS PAID \$4,050,000 INTO STATE TREASURY

(By United Press)

St. Paul, Feb. 23.—Motorists have paid \$4,050,000 into the state treasury in motor vehicle taxes.

All the receipts have not been tabulated, so it is not known just how many cars have been registered. The number tabulated is 170,000, but it is expected that about 450,000 will be registered.

No attempt has yet been made to separate the ones paid and the penalties from the taxes, as thousands of motorists have been hied who had penalties for failing to pay before February 16.

FRENCH CHAMBER ADOPTS NATION'S FISCAL PROGRAM

CHAMBER VOTED ON MORE THAN 100 ARTICLES DURING THE NIGHT

MEMBERS DOZED IN CHAIRS AND ATTENDANTS ROUSE THEM FOR ROLL CALL

(By United Press)

Paris, Feb. 23.—The chamber of deputies, after an unprecedented session which lasted throughout the night at 8 a. m. adopted the government financial program.

The vote was 354 to 218. The chamber voted on more than 100 articles during the night. Dawn found many dozing in their chairs and attendants had to awaken them when the roll was called.

Despite exhaustion, Premier Poincare kept his seat at the session and made a brief speech before the final vote.

Although already hearing reports of happy results from the work of the committee of experts examining Germany's capacity to pay reparations, the premier said he would urge that France must be prepared to bear for a certain time the effects of Germany's defaults.

The experts, Poincare believed, will end the possibility of defaults in the future.

"It is to cover that period of default, however, that I have asked the chamber to vote these new fiscal measures (the government program)," the premier said.

The program as adopted contains many important measures for bolstering French credit and defending the franc which slumped to nearly 25 to the dollar last week.

The last article of the project authorizes issuance of seven billion francs in short term 1924 treasury bonds.

TWO MINNEAPOLIS CHILDREN MISSING

Minneapolis, Feb. 23.—Two children, Harold Broulette, four, and Alice Tanner, six, have been missing since early Thursday.

Police and practically all residents of northeast Minneapolis are today searching this section of the city for any trace of the children.

It is believed that they wandered about the streets Thursday afternoon, and becoming confused, lost their way and have probably been taken into some home. Another theory is that they might have fallen into the river and drowned.

FALLING WALL KILLS FIRE CHIEF

(By United Press)

New Orleans, Feb. 23.—Assistant Fire Chief Jules Fajol was killed by a falling wall, and six other firemen are in a local hospital, some of them seriously injured, as the result of an early morning fire in a department store and three adjoining buildings on Canal street today.

COOLIDGE FILES CANDIDACY IN OHIO CAMPAIGN

DECLARATION OF PRESIDENTIAL CANDIDACY WITH SECRETARY OF STATE OF OHIO

DAUGHERTY APPROVED BY THE PRESIDENT AS COOLIDGE DELEGATE OF OHIO

(By United Press)

Columbus, Ohio, Feb. 23.—President Coolidge today filed his declaration of presidential candidacy in Ohio with Secretary of State Thad Brown.

The declaration was filed by H. Donelthon, member of the Coolidge Ohio campaign.

Arthur L. Garford, of Elyria, authorized the use of his name as second choice.

PUBLIC ENDORSEMENT GIVEN DAUGHERTY

Washington, Feb. 23.—President Coolidge today approved Attorney General Harry M. Daugherty as one of the Coolidge delegates to the Ohio electorate in the April primaries.

The public endorsement of Daugherty, regarded at the White House as "perfunctory," caused a political stir as it constitutes Mr. Coolidge's first opinion expressed of his attitude toward Daugherty, whose removal from the cabinet leading republican senators are seeking on the ground that he has lost public confidence.

Mr. Coolidge personally signed a "consent slip" bearing Daugherty's name as a delegate.

In the same manner he approved the entire slate of Ohio delegates submitted to him by George B. Harris, of Cleveland. This step is required under Ohio law of a candidate in the primaries held in April, at which the delegates will be formally chosen.

While the president's approval of Daugherty as a delegate has of itself nothing to do with his attitude towards Daugherty as attorney general of the United States, such a political endorsement in the face of the attack on Daugherty by three of the most influential republican senators—Lodge, Pepper and Borah—held great significance for politicians here.

CHILD IS BORN IN SNOWDRIFT WHEN TRAIN STRIKES AUTO

New York, Feb. 23.—A baby was born in a snowdrift after the automobile in which its father was hurrying its mother to a hospital had been hit by an express train. Both mother and baby, the former with a dislocated right elbow, sustained in the crash, were reported "doing splendidly."

Hearing the beating of the stork's wing above their home, Mr. and Mrs. Nathan Elman set out in the family car for the Northern Westchester hospital. Descending a steep, ice coated grade toward some railroad tracks, Elman heard the whistle of a locomotive on the fast Rutland train.

The brakes failed to check the car, which swung on to the tracks, and was struck by the flying train and driven against a snow banked curb. Neighbors, the train crew and an anxious husband assisted Mrs. Elman from the sedan.

While a chill wind and flurries of snow blew over a little group, a baby girl was born. Wrapped in a coat, the lusty youngster was hurried to a hospital, while policemen and volunteers made a litter and carried the mother more slowly.

BANKLESS TOWN MAKES APPLICATION FOR INSTITUTION

(By United Press)

St. Paul, Feb. 23.—Application was made today for another permit to establish a state bank at Wells, Minn.

The town is now without a bank following closing of the national bank there several weeks ago.

The state securities commission two weeks ago granted permission to a group of Wells citizens to establish a bank, but it has not yet been organized.

Those asking for a permit today are M. H. Graham, F. M. Thompson, F. C. Dewey and J. C. Anderson, all of Wells. They would have the bank capitalized at \$25,000. The state securities commission took the application under advisement.

LEONARD WOOD, JR. NAMED IN COMPLAINT

ARMY OFFICER'S WIFE CHARGES USE OF MAILS TO DEFRAUD IN OIL STOCK SALE

Detroit, Mich., Feb. 23.—Formal complaint against Leonard Wood, Jr., son of Major General Leonard Wood of the Philippines, was sent to the chief inspector of mails in Washington, charging use of the mails to defraud through the sale of worthless oil stock.

The wife of Major Frank A. Smith, chief clerk of the Fort Wayne, Mich., army post, prepared the charges after consulting the Better Business bureau of the Detroit Board of Commerce.

That having influence in the army might work against them, delaying promotions if they complained, is the reason given by Mrs. Caroline Smith why army officers said to have lost money in Wood's projects have not demanded a public investigation.

Mrs. Smith says she invested \$225 three years ago in the Craven Oil & Refining company of Fort Worth, after she had received a booklet written by Leonard Wood, Jr., entitled "Facts about the oil business and oil investments," which described the opportunity for investments in this company, of which Wood was vice-president.

Three years ago, after the army officers at Fort Wayne had been completely circularized, a stock salesman of the Craven Oil & Refining company visited the post and sold stock to several officers on the strength of the reputation of Leonard Wood, Jr., vice-president of the company.

UNIVERSITY BURSAR SENTENCED TODAY

Minneapolis, Feb. 23.—Walter Huebner, who as assistant cashier in the bursar's office of the University of Minnesota, embezzled more than \$7,000 in the past year, was sentenced today to serve six years in Stillwater prison by Judge Thomas H. Salmon, Hennepin county district court.

Huebner said drink and marital troubles were to blame, admitting he drank heavily after being separated from his wife, who is suing for divorce.

He will be taken to Stillwater Monday.

LEGION EXECUTIVE COMMITTEE MEETS

St. Paul, Feb. 23.—The American Legion, Minnesota department executive committee meets here tomorrow.

Among the business to be transacted at this meeting is the election of a department treasurer, choice of the St. Cloud convention dates, and preliminary work in preparation for the national legion convention in St. Paul next September.

The session will be held at the Ramsey county Legion club rooms, which have been donated by the Ramsey county Central committee.

8,500 GALLONS OF LIQUOR SEIZED IN RAID IN ST. PAUL

PART IDENTIFIED AS LOOT OBTAINED IN HOLDUP OF A DRUG COMPANY

ST. PAUL PRIZE FIGHTER ARRESTED AND MANY MORE ARRESTS EXPECTED

(By United Press)

St. Paul, Feb. 23.—Police believe one of the largest criminal and liquor law violating rings ever operating in the northwest has been broken up by a huge liquor raid last night, which uncovered more than 8,500 gallons of liquor.

Part of the liquor seized by federal agents was identified by police as loot obtained in a daylight holdup of the LaSalle Drug company here two weeks ago.

Sammy Terrin, St. Paul prize fighter, was arrested in connection with this holdup when the agents found ten cases of Old Crow whiskey in his car in a private garage, identified as part of the LaSalle loot.

He is also held in connection with a large seizure of alcohol which was found by prohibition agents at a warehouse yesterday, police believe. Many more arrests are expected.

PASTOR CALLS RADIO 'COMMON NUISANCE'; CONDEMNS NEIGHBOR

Chicago, Feb. 23.—Radio fell with a thud from the high pedestal it has attained in its short existence as popular means of entertainment and instruction and was described in everyday terms as a "common nuisance."

This condemnation of the agency which reaches millions of people was given it by a minister of the gospel, Rev. T. Yeoman Williams, pastor of South Congregational church, who carried it to the city hall and sent it up to the commissioner of health.

It all happens because Mr. Williams' neighbor has become such a fan that he can't find time to sleep. According to the pastor, his neighbor is not satisfied to enjoy alone the ether waves from Los Angeles at 2 a. m., but must attach a loud speaker and share his joy with his neighbors by sending the surplus entertainment to them by way of a window left open for the lead wire.

Ventriloquist Makes Police Think He's Army Flees After Capture

Washington, Feb. 23.—An unarmed Negro with a gift of ventriloquism, a supply of whiskey, and a taxicab for purposes of retreat proved too much today for the Washington police.

A watchman found him in the basement of a drug store, and a squad of police that tried to capture him, retired under a fusillade of half pint bottles of prescription liquor, intermingled with a rain of threats that seemed to come from several throats in various parts of the cellar. Tear bombs were ordered, but some of them exploded prematurely at headquarters and produced general confusion.

Finally captured, the Negro jumped from a patrol wagon, scaled a high wall, hailed a taxi in the next street, and got away.

Wall Street Odds Even On McAdoo and Smith

New York, Feb. 23.—The odds are even in Wall street on the chances of former Secretary of the Treasury W. G. McAdoo and Governor Al Smith of New York receiving the democratic presidential nomination. A betting commissioner reported that wagers offered are three to one on both the candidates. They also report that even money is being bet on Coolidge being re-elected to the presidency.

Chicago, Feb. 23.—Aid of police of a half dozen cities was enlisted today by Chicago, to help clear the city's latest murder mystery.

The body of a man, identified as John Duffy, was picked from a snow drift on the outskirts of Chicago yesterday. Last night the body of a woman identified as Duffy's wife, was found on a davenport in her apartment.

Duffy had been shot through the head. The woman also had been shot through the head, apparently while she slept.

Paris, Feb. 23.—The chamber of deputies, after an unprecedented session which lasted throughout the night at 8 a. m. adopted the government financial program.

PUBLIC ENDORSEMENT GIVEN DAUGHERTY

Washington, Feb. 23.—President Coolidge today approved Attorney General Harry M. Daugherty as one of the Coolidge delegates to the Ohio electorate in the April primaries.

The public endorsement of Daugherty, regarded at the White House as "perfunctory," caused a political stir as it constitutes Mr. Coolidge's first opinion expressed of his attitude toward Daugherty, whose removal from the cabinet leading republican senators are seeking on the ground that he has lost public confidence.

Mr. Coolidge personally signed a "consent slip" bearing Daugherty's name as a delegate.

While the president's approval of Daugherty as a delegate has of itself nothing to do with his attitude towards Daugherty as attorney general of the United States, such a political endorsement in the face of the attack on Daugherty by three of the most influential republican senators—Lodge, Pepper and Borah—held great significance for politicians here.

It was pointed out that if Mr. Coolidge had declined to approve Daugherty that it would have been accepted at once as an indication that he was no longer standing by the attorney general. Conversely, the action that he would accept Daugherty as one of his delegates was regarded as an equally clear indication that he is standing by him.

CHILD IS BORN IN SNOWDRIFT WHEN TRAIN STRIKES AUTO

New York, Feb. 23.—A baby was born in a snowdrift after the automobile in which its father was hurrying its mother to a hospital had been hit by an express train. Both mother and baby, the former with a dislocated right elbow, sustained in the crash, were reported "doing splendidly."

Hearing the beating of the storm's wing above their home, Mr. and Mrs. Nathan Elman set out in the family car for the Northern Westchester hospital. Descending a steep, ice coated grade toward some railroad tracks, Elman heard the whistle of a locomotive on the fast Rutland train.

The brakes failed to check the car, which swung on to the tracks, and was struck by the flying train and driven against a snow banked curb. Neighbors, the train crew and an anxious husband assisted Mrs. Elman from the sedan.

While a chill wind and flurries of snow blew over a little group, a baby girl was born. Wrapped in a coat, the lusty youngster was hurried to a hospital, while policemen and volunteers made a litter and carried the mother more slowly.

BANKLESS TOWN MAKES APPLICATION FOR INSTITUTION

St. Paul, Feb. 23.—Application was made today for another permit to establish a state bank at Wells, Minn.

The town is now without a bank following closing of the national bank there several weeks ago. The state securities commission two weeks ago granted permission to a group of Wells citizens to establish a bank, but it has not yet been organized.

Those asking for a permit today are M. H. Graham, F. M. Thompson, F. C. Dewey and J. C. Anderson, all of Wells. They would have the bank capitalized at \$25,000. The state securities commission took the application under advisement.

LEONARD WOOD, JR.

NAMED IN COMPLAINT

ARMY OFFICER'S WIFE CHARGES
USE OF MAILS TO DEFRAUD
IN OIL STOCK SALE

Detroit, Mich., Feb. 23.—Formal complaint against Leonard Wood, Jr., son of Major General Leonard Wood of the Philippines, was sent to the chief inspector of mails in Washington, charging use of the mails to defraud through the sale of worthless oil stock.

The wife of Major Frank A. Smith, chief clerk of the Fort Wayne, Mich., army post, prepared the charges after consulting the Better Business bureau of the Detroit Board of Commerce.

That having influence in the army might work against them, delaying promotions if they complained, is the reason given by Mrs. Caroline Smith why army officers said to have lost money in Wood's projects, have not demanded a public investigation.

Mrs. Smith says she invested \$225 three years ago in the Craven Oil & Refining company of Fort Worth, after she had received a booklet written by Leonard Wood, Jr., entitled "Facts about the oil business and oil investments," which described the opportunity for investments in this company, of which Wood was vice-president.

Three years ago, after the army officers at Fort Wayne had been completely circularized, a stock salesman of the Craven Oil & Refining company visited the post and sold stock to several officers on the strength of the reputation of Leonard Wood, Jr., vice-president of the company.

UNIVERSITY BURSAR SENTENCED TODAY

Minneapolis, Feb. 23.—Walter Huebner, who as assistant cashier in the bursar's office of the University of Minnesota, embezzled more than \$7,000 in the past year, was sentenced today to serve six years in Stillwater prison by Judge Thomas H. Salmon, Hennepin county district court.

Huebner said drink and marital troubles were to blame, admitting he drank heavily after being separated from his wife, who is suing for divorce.

He will be taken to Stillwater Monday.

LEGION EXECUTIVE COMMITTEE MEETS

St. Paul, Feb. 23.—The American Legion, Minnesota department executive committee meets here tomorrow.

Among the business to be transacted at this meeting is the election of a department treasurer, choice of the St. Cloud convention dates, and preliminary work in preparation for the national legion convention in St. Paul next September.

The session will be held at the Ramsey county Legion club rooms, which have been donated by the Ramsey county Central committee.

8,500 GALLONS OF LIQUOR SEIZED IN RAID IN ST. PAUL

PART IDENTIFIED AS LOOT OB-
TAINED IN HOLDUP OF A
DRUG COMPANY

ST. PAUL PRIZE FIGHTER AR-
RESTED AND MANY MORE
ARRESTS EXPECTED

St. Paul, Feb. 23.—Police believe one of the largest criminal and liquor law violating rings ever operating in the northwest has been broken up by a huge liquor raid last night, which uncovered more than 8,500 gallons of liquor.

Part of the liquor seized by federal agents was identified by police as loot obtained in a daylight holdup of the LaSalle Drug company here two weeks ago.

Sammy Terrin, St. Paul prize fighter, was arrested in connection with this holdup when the agents found ten cases of Old Crow whiskey in his car in a private garage, identified as part of the LaSalle loot.

He is also held in connection with a large seizure of alcohol which was found by prohibition agents at a warehouse yesterday, police believe.

Many more arrests are expected.

PASTOR CALLS RADIO 'COMMON NUISANCE'; CONDEMNS NEIGHBOR

Chicago, Feb. 23.—Radio fell with a thud from the high pedestal it has attained in its short existence as popular means of entertainment and instruction and was described in everyday terms as a "common nuisance."

This condemnation of the agency which reaches millions of people was given it by a minister of the gospel, Rev. T. Yeoman Williams, pastor of South Congregational church, who carried it to the city hall and sent it up to the commissioner of health.

It all happens because Mr. Williams' neighbor has become such a fan that he can't find time to sleep. According to the pastor, his neighbor is not satisfied to enjoy alone the ether waves from Los Angeles at 2 a. m., but must attach a loud speaker and share his joy with his neighbors by sending the surplus entertainment to them by way of a window left open for the leading wire.

Ventriloquist Makes Police Think He's Army Flees After Capture

Washington, Feb. 23.—An unarmed Negro with a gift of ventriloquism, a supply of whiskey, and a taxicab for purposes of retreat proved too much today for the Washington police.

A watchman found him in the basement of a drug store, and a squad of police that tried to capture him, retired under a fusillade of half pint bottles of prescription liquor, intermingled with a rain of threats that seemed to come from several throats in various parts of the cellar. Tear bombs were ordered, but some of them exploded prematurely at headquarters and produced general confusion.

Finally captured, the Negro jumped from a patrol wagon, scaled a high wall, hailed a taxi in the next street, and got away.

Wall Street Odds Even On McAdoo and Smith

New York, Feb. 23.—The odds are even in Wall street on the chances of former Secretary of the Treasury W. G. McAdoo and Governor Al Smith of New York receiving the democratic presidential nomination. A betting commissioner reported that wagers offered are three to one on both the candidates. They also report that even money is being bet on Coolidge being re-elected to the presidency.

praise for the courtesies extended to

PENNANT STORE FIRE

Flames Discovered in Basement,
Prompt Action of Department
Checks Blaze

Fire of unknown origin threatened
the Pennant store at the corner of
Laurel and South Sixth streets at six
o'clock Friday evening.

The flames when discovered were
burning in the basement beneath the
stairway, it is said, but prompt ac-
tion on the part of the fire depart-
ment extinguished them before they
had gained any headway.

A chimney fire at 709 South Sev-
enth at the home of L. B. Tower,
burned quite a hole in the roof be-
fore it was extinguished by the de-
partment.

AMUSEMENTS

Why Do People Get Divorces?
By HELENE CHADWICK

(Leading player in Goldwyn's new
Rupert Hughes photoplay, "Reno,"
which comes to the Lyceum Theatre
Sunday for three days.)

Divorces seem necessary. Not ev-
ery marriage, as we know, can be a
happy one, and certainly it is better
that a couple discovering they have
made a mistake be given a chance to
start over again and have some hope
of happiness.

But when the number of divorces
each year reach the alarming num-
ber they have in America at present,
it is patent that something is wrong
somewhere. It is always interesting
to consider reasons, and certainly
there must be reasons for this un-
toward condition that sees tens of
thousands of homes broken up yearly.

Faults very often lie at home. I
think many matrimonial difficulties
might be averted if the husband and
wife understood each other not sim-
ply as such, but as man and woman.
There are certain things, call them
psychological or what you will, that
are inherent in the relations between
man and woman that must not be
overlooked. A realization of these
facts, and the practice of a certain
tolerance, would, I feel sure, result
in a mutual understanding that
would in some degree, at least, lower
the number of divorce suits taken
into court.

Fire Thriller Closes Tonight

One of the best pictures ever made

based on the heroism of firemen,
closes at the Lyceum Theatre tonight.
The Fox version of "Cupid's Fire-
man," from a story by Richard
Harding Davis, tells a remarkable
narrative and offers thrill after thrill
from start to finish. "Charles Jones
and Marian Nixon have the leading
roles and are supported by an excel-
lent cast.

Landis Proves Expert in Saddle, Res-
cues Girl

Cullen Landis proves himself an
excellent horseman in "Pioneer
Trails," a Vitagraph special pro-
duction, which will be shown at the New
Park tonight and Sunday.

The play demands a thrilling epi-
sode in which Landis halts a run-
away stage coach, saving the lives of
the occupants. Landis is called up-
on to race up to the stage and leap
on the back of one of the leading
horses and halt them in their flight.

During the making of this scene
along a precipitous roadway in the
mountains, Cullen misjudged the dis-
tance in leaping to the stage horse.
The momentum of the jump carried
him well over the horse in front. For
a moment he hung his head down-
wards between the wildly galloping
animals. He struggled desperately
to regain his balance, while the six
horses drawing the coach raced on
unchecked as the reins were broken.

Brainerd Athletic Club Show

On next Wednesday and Thursday
the Brainerd Athletic club will give
a boxing exhibition and benefit show
"Lucetta Lombard," at New Park.

Ever since the period of the tragic
life of Lucretia Borgia, that flaming
personality of the Renaissance who
was a skilled mistress in the art of
poisoning, the name of Lucretia has
typified mystery. The story of "Lu-
cretia Lombard," the screen adapta-
tion of Kathleen Norris' best seller,
is one of Beauty and the Beast. Mar-
ried to a roue, young and beautiful,
her life is a dull drab affair, yet
faithfully she serves her stricken,
dissolute husband. Then romance
comes to her, which brings conflict
of heart interests, ethical problems,
heroic sacrifice, but "Man proposes
and God disposes." As if by miracle,
the barriers are swept away, and Lu-
cretia wins the man of her choice.

He struggled desperately to regain his balance, while the six horses drawing the coach raced on unchecked as the reins were broken.

Brainerd Athletic Club Show

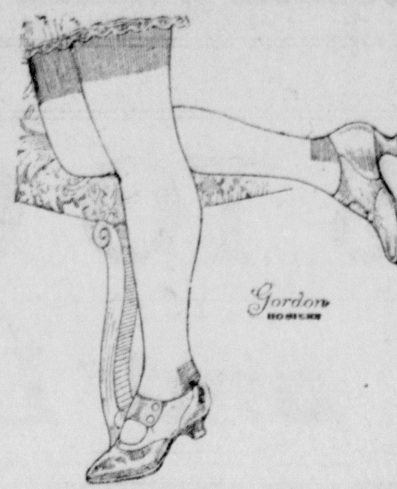

On next Wednesday and Thursday the Brainerd Athletic club will give a boxing exhibition and benefit show "Lucetia Lombard," at New Park.

Ever since the period of the tragic life of Lucetia Borgia, that flaming personality of the Renaissance who was a skilled mistress in the art of poisoning, the name of Lucetia has typified mystery. The story of "Lucetia Lombard," the screen adaptation of Kathleen Norris' best seller, is one of Beauty and the Beast. Married to a roue, young and beautiful, her life is a dull drab affair, yet faithfully she serves her stricken, dissolute husband. Then romance comes to her, which brings conflict of heart interests, ethical problems, heroic sacrifice, but "Man proposes and God disposes." As if by miracle, the barriers are swept away, and Lucetia wins the man of her choice.

DRY LEAGUE EDITOR

SEES TROUBLE, QUILTS

New York, Feb. 22—Officials of the Antisaloon league of New York today were confronted with the assertion of Rollin O. Everhart, editor of the American issue, that the election as state superintendent of Arthur J. Davis, former head of the Massachusetts league, was a triumph for the forces in sympathy with William H. Anderson, whom Mr. Davis succeeded, and who is under sentence for third degree forgery. In submitting his resignation, Mr. Everhart said he could not "consistently with my conscience," certify that all was now "well with the league."

BETTER CHANCE FOR PITCHERS IN 1924

By **HENRY L. FARRELL**
United Press Sports Editor

New York, Feb. 23.—Better pitching and a corresponding decrease in mile and two-mile hitting may result from the decision of the major league executives to be more thrifty in the use of balls next season.

Since the rule was passed against any and all kinds of tampering with the ball, the umpires had become almost fanatical in keeping in play a spotless ball, which, in the strictest interpretation of the rules, could mean nothing but a new ball.

After a ball had been slightly turf-stained or roughed up a little by a smack against the wire or the stands, it was thrown out of play and a new ball tossed to the pitcher. Batters could protest against a ball and invariably it would be thrown out, even if there was a question about it.

This resulted not only in a very material increase of expenses in providing balls, but it imposed a handicap upon all the pitchers, as every one who has handled a baseball knows it is much more difficult to control or put a hop on a new ball than it is on one that has been roughed up enough to get a tight purchase on it.

Veteran pitchers, or those with several year's big league experience, were better able to meet the handicap than young pitchers coming up from minor leagues, where the umpires were not so opposed to the keeping in play of a used ball.

There seems to be little doubt among the players that the ball is more lively than it used to be and, of course, this contributed toward the increase in long hitting, but the lively ball could not have been entirely responsible for the general let down of pitching.

American League umpires were ordered by Ban Johnson late last season to keep the balls in play as long as possible, and it is understood that National League umpires will be instructed to do the same next season.

There are no figures to show what effect Johnson's orders had on hitting last season, but the pitchers agree that they were able to pitch better with used balls.

Detroit, Mich., Feb. 23.—Robert Cannefax of Detroit established a new world's record here when he defeated Pierre Maupome of Chicago, 50 to 18 in 13 innings, in a three cushion billiard league game. The former record of 26 innings was held by John Layton of St. Louis.

BLUE AND WHITE DEFEATED PARK RAPIDS, 35 TO 15

BRAINERD SECOND TEAM WON FROM PEQUOT, 15 TO 14 (By L. P.)

Brainerd won her seventh straight victory when the high school basketball quint defeated Park Rapids last night by a score of 35 to 15.

Brainerd started scoring after a few minutes of play and every man on the team made a field goal the first quarter. Team work was splendid and could not be improved upon, the team working as one unit.

The second stanza was awful, the Brainerd squad going to pieces. Their offense was absolutely no good, and they scored only three points during that quarter. Each man on the team was out for scoring honors and the playing of each showed no team work at all. The half ended with the score 21 to 2.

Brainerd came back the next half and the play was the same as in the second quarter. Brainerd guards were leaving men slip behind them and they ran their score up to 11 points during the third period.

The fourth stanza was much the same. Brainerd came back with team work and scored a few more goals, while Park Rapids scored four points. Park Rapids played Brainerd on even terms the last half. Brainerd's defense was strong the first half, but was broken during the last half and Park Rapids scored 13 points.

When Mother Buys the Coal

That's where quality counts.

Because mother demands the same value for her money from the coal dealer that she gets from the butcher, the baker and the grocer.

Father may have a lodge brother or a political friend in the coal business who could send crushed rock up to the house for coal and get away with it.

But mother demands the most heat and least trouble that money can buy, and doesn't care if she buys it from "One Eyed Pete" himself.

CONSOLIDATION ELKHORN and ZEIGLER NUT are great favorites when mother buys the coal. We know.

The Brainerd seconds scored their fourth victory in defeating Pequot last night, 15 to 14. The game was fast and clean throughout. Pequot got the tip off and scored a goal after a few minutes of scrimmage. Then they scored on a foul. But Brainerd came back and Opsahl scored a field goal. A few minutes later he scored another, putting his team in the lead. Opsahl scored two free throws. Pequot broke through Brainerd's defense for two more field goals and the half ended with the score, 8 to 6 in Pequot's favor.

The second stanza started with a bang. Hagberg scored a field goal, making the score 8 to 8, and Pequot scored a free throw, taking the lead again. In the third and fourth quarters Brainerd scored again when Opsahl netted a field goal. Pequot ran her score to 12 points. With three minutes left, Brown tied the score on a free throw and then Seegar slipped through the hoop for a goal. Pequot came back with another goal and the game ended with the score 15 to 14 in Brainerd's favor.

Tom Gibbons Returning Home From Grand Rapids

Grand Rapids, Mich., Feb. 23.—The Tom Gibbons-Joe White boxing contest, which was scheduled for Friday night, was called off, the Olympic Athletic club being unable to obtain a desirable opponent for Gibbons following the injury to White.

White returned to New York last night with a badly fractured ankle in a cast, and will be out of the game for at least a month. He was injured when he stepped in a hole while doing road work. Gibbons returned to his home in St. Paul.

New York, Feb. 23.—Better pitching and a corresponding decrease in mile and two-mile hitting may result from the decision of the major league executives to be more thrifty in the use of balls next season.

Since the rule was passed against any and all kinds of tampering with the ball, the umpires had become almost fanatical in keeping in play a spotless ball, which, in the strictest interpretation of the rules, could mean nothing but a new ball.

After a ball had been slightly turf-stained or roughed up a little by a smack against the wire or the stands, it was thrown out of play and a new ball tossed to the pitcher. Batters could protest against a ball and invariably it would be thrown out, even if there was a question about it.

This resulted not only in a very material increase of expenses in providing balls, but it imposed a handicap upon all the pitchers, as every one who has handled a baseball knows it is much more difficult to control or put a hop on a new ball than it is on one that has been roughed up enough to get a tight purchase on it.

Veteran pitchers, or those with several year's big league experience, were better able to meet the handicap than young pitchers coming up from minor leagues, where the umpires were not so opposed to the keeping in play of a used ball.

There seems to be little doubt among the players that the ball is more lively than it used to be and, of course, this contributed toward the increase in long hitting, but the lively ball could not have been entirely responsible for the general let down of pitching.

American League umpires were ordered by Ban Johnson late last season to keep the balls in play as long as possible, and it is understood that National League umpires will be instructed to do the same next season.

There are no figures to show what effect Johnson's orders had on hitting last season, but the pitchers agree that they were able to pitch better with used balls.

BRAINERD WON SEVENTH STRAIGHT VICTORY LAST NITE

BLUE AND WHITE DEFEATED PARK RAPIDS, 35 TO 15

BRAINERD SECOND TEAM WON FROM PEQUOT, 15 TO 14 (By L. P.)

Brainerd won her seventh straight victory when the high school basketball quint defeated Park Rapids last night by a score of 35 to 15.

Brainerd started scoring after a few minutes of play and every man on the team made a field goal the first quarter. Team work was splendid and could not be improved upon, the team working as one unit.

The second stanza was awful, the Brainerd squad going to pieces. Their offense was absolutely no good, and they scored only three points during that quarter. Each man on the team was out for scoring honors and the playing of each showed no team work at all. The half ended with the score 21 to 2.

Brainerd came back the next half and the play was the same as in the second quarter. Brainerd guards were leaving men slip behind them and they ran their score up to 11 points during the third period.

The fourth stanza was much the same. Brainerd came back with team work and scored a few more goals, while Park Rapids scored four points. Park Rapids played Brainerd on even terms the last half. Brainerd's defense was strong, the first half, but was broken during the last half and Park Rapids scored 13 points.

When Mother Buys the Coal

That's where quality counts.

Because mother demands the same value for her money from the coal dealer that she gets from the butcher, the baker and the grocer.

Father may have a lodge brother or a political friend in the coal business who could send crushed rock up to the house for coal and get away with it.

But mother demands the most heat and least trouble that money can buy, and doesn't care if she buys it from "One Eyed Pete" himself.

CONSOLIDATION ELKHORN and ZEIGLER NUT are great favorites when mother buys the coal. We know.

Brainerd Second Team Wins			
The Brainerd seconds scored their fourth victory in defeating Pequot last night, 15 to 14. The game was fast and clean throughout. Pequot got the tip off and scored a goal after a few minutes of scrimmage. Then they scored on a foul. But Brainerd came back and Opsahl scored a field goal. A few minutes later he scored another, putting his team in the lead. Opsahl scored two free throws. Pequot broke through Brainerd's defense for two more field goals and the half ended with the score, 8 to 6 in Pequot's favor.			
The second stanza started with a bang. Hagberg scored a field goal, making the score 8 to 8, and Pequot scored a free throw, taking the lead again. In the third and fourth quarters Brainerd scored again when Opsahl netted a field goal. Pequot ran her score to 12 points. With three minutes left, Brown tied the score on a free throw and then Seegar slipped through the hoop for a goal. Pequot came back with another goal and the game ended with the score 15 to 14 in Brainerd's favor.

Tom Gibbons Returning Home From Grand Rapids

Grand Rapids, Mich., Feb. 23.—The Tom Gibbons-Joe White boxing contest, which was scheduled for Friday night, was called off, the Olympic Athletic club being unable to obtain a desirable opponent for Gibbons following the injury to White.

White returned to New York last night with a badly fractured ankle in a cast, and will be out of the game for at least a month. He was injured when he stepped in a hole while doing road work. Gibbons returned to his home in St. Paul.

Making People Happy.
It is easy to make some people happy by the simple procedure of encouraging their self-praise. Why not? Costs you nothing.

PERRY S. WILLIAMS

PERRY S. WILLIAMS, formerly in charge of the Minneapolis Journal Travel & Resort Bureau and known throughout the Northwest, has been named assistant to the president of the Minneapolis Civic & Commerce association. Recently he had been manager of the Minneapolis Publicity bureau of the association.

No better selection could have been made. Mr. Perry, during his service with the Minneapolis Journal, cooperated with the Brainerd Civic & Commerce association publicity committee to the fullest extent. He started the road bulletins and gave Brainerd much publicity in summer resort matters. He assisted in the distribution of our summer resort literature, and in every way possible brought about a splendid entente between Brainerd and Minneapolis.

In accepting the new call for his services, Mr. Williams said: "While I am sorry to be taken away from the work of the publicity bureau when it is just getting under way for its biggest effort in the tourist convention and publicity field, it is my duty as a citizen to take up whatever tasks were assigned me by those more experienced and better qualified to suggest the form of my service. The bureau's efforts, however, will be carried on without interruption."

"It is the intention of the directing heads of the association as well as my own to complete the job immediately ahead of us as swiftly as possible when I will return to the work of the publicity bureau."

"The task we are undertaking is one which should inspire the immediate and energetic cooperation of the people of this city as organized groups and as individuals. We can go only so far as our friends will let us and there is every reason now why none should withhold his constructive service in voice and actual aid."

"What is being attempted is nothing more than an effort to interpret in the biggest and fairest terms possible the desires of the people of the city."

BOYS' AND GIRLS' SHORT COURSE

ANY boy or girl in Minnesota between the ages of 10 and 20 can register for the 14th annual boys' and girls' short course at University Farm, St. Paul, April 14 to 19. Similar courses will be held at the West Central Station at Morris March 31 to April 4, and at the Northwest Station at Crookston April 7 to 11.

Members of the faculty of the Minnesota College and School of Agriculture, University Farm, will instruct the young farmers and homemakers in the things which will be useful in carrying out club projects through the year. Forenoons will be given to class work, afternoons to excursions to objects of interest in the twin cities, to the prison at Stillwater, and the stockyards at South St. Paul, and the evenings to play programs in the gymnasium and entertainments in the auditorium. Several hundred boys and girls will enroll for the course.

The advanced breadmaking teams of the central district will hold their annual contest during the week. Members of the winning team will attend the 1924 state fair as the guests of the Russell Miller Milling company of Minneapolis. A prize will be given the junior club having the largest representation at the course.

T. A. Erickson, state leader, is in charge of arrangements. A one-day conference for club leaders will be a feature of the week.

SENIOR CLASS PLAY TWO NIGHTS

AN experiment tried this year is presenting the Senior class play two nights when in the past it had been the custom to give it but one night. The vehicle of fun this season is none other than Booth Tarkington's popular "Seventeen," and it is said the cast has been chosen with due regard to bringing out all the infectious humor and sparkling lines with which it abounds.

The demand for tickets has been a heavy one. White tickets, it will be remembered, call for Monday's show and blue tickets call for Tuesday's show. The New Park theatre was a hive of industry Saturday when the white tickets were exchanged for reserved seats. On Sunday exchanges can be made for the blue tickets.

Miss Mary Tornstrom has given her best efforts to so coach the Seniors as to make them letter perfect in their parts. She has a long line of class play successes to her credit and "Seventeen" promises to occupy quite a niche in her series of triumphs. Every one loves a school play. We know all the actors, we rejoice in their successes and we aren't a bit unstinted when it comes to applauding work well done.

DOCK STRIKE PINCHES BRITAIN

THE strike of 120,000 dock workers and general labor seems to have hermetically sealed the ports of Britain and the sixth day of this serious tieup has already caused a pinch of economic isolation. Foreign trade, which is the life blood of the empire, has been blocked by the strike.

There has followed a sudden rise in prices of food and meats. Sympathetic strikes have flared up and other tieups have been forced on the people. Because of the attitude of the employees, the railroads have refused to receive fish for shipment at Grimsby and more than 1,000 tons were dumped into the sea. Some 4,000 London truckmen quit because of no work and were followed by a thousand engineers operating cranes, and a lot of workers on the Manchester ship canal.

THEY BACKED McADOO

READERS of things political must remember that the meeting called in Chicago to consider the candidacy of William G. McAdoo as a democratic candidate for the presidency was composed of people who favored McAdoo for that office. You would hardly expect them to bring along a sentiment for Underwood or Cox. Their report is not a final decision in the matter, for the democratic national convention which meets in New York has the final word in candidacies, and after that, if McAdoo is fortunate enough to be placed on a democratic ballot, the people of the whole United States will scan their various ballots and decide on the chief executive.

Two hundred and fifty Masons from Brainerd, the Cuyuna range, points on the Minnesota and International railway and as far west as Staples gathered at the local lodge on Friday for the annual Washington's birthday celebration that is staged each year by Aurora Lodge, No. 100, A. F. & A. M.

The work started at three o'clock with past masters exemplifying the third degree in a most impressive manner. The afternoon closed with several very strong talks on the lessons taught in Masonry.

At 6:15 the entire assemblage was seated at an elaborate banquet served by the ladies of the local order of the Eastern Star. The menu was as follows:

Fruit Cocktail	Celery
Combination Salad	Roast Beef
Roast Pork	Brown Gravy
Mashed Potatoes	Rutabagas
Parkerhouse Rolls	Graham Bread
Apple Pie	Brick ice cream
Coffee	Cigars

The dining room was very prettily decorated for the occasion and patriotic schemes were carried out in place cards and favors at the tables. A four-piece orchestra furnished music during the meal.

A patriotic program followed the banquet, with a very able address on the life of Washington delivered by Rev. Johnson, of Staples. William Anderson, worshipful master, spoke of the regret that the officers of the lodge felt in being unable to publicly confer the jewel of a past master on A. J. Starritt, who passed away during his tenure of office. He stated that the jewel was presented to Brother Starritt at his home several weeks before his death.

Other numbers on the program included vocal solos by Mrs. Ray Hall with Miss Mildred Skaug at the piano, Roy T. Brown, Dr. G. I. Badeaux and S. F. Alderman, for whom Mrs. W. F. Wieland acted as accompanist.

The Masonic sextet entertained with several instrumental numbers and were required to respond with three encores. Miss Mildred Skaug favored with a piano solo and Messrs Brown and Alderman sang several duets. The meeting closed with the singing of "America" by the assemblage, led by Mr. Alderman.

REV. G. S. MORTON DIED

Former Pastor of Peoples Congregational Church Passed Away at Lake Itasca

Rev. George S. Morton, pastor of the Peoples Congregational church in Northeast Brainerd for a number of years, passed away on Friday at Lake Itasca.

The remains were brought to Brainerd today for burial. The funeral will be held from the Whitney chapel at ten o'clock Monday morning, and interment made in Evergreen cemetery.

WILBUR COOLEY DIED

Was Son of Bert Cooley of Roosevelt Township. Burial in Dykeman Cemetery

Wilbur Cooley, aged seventeen years, son of Mr. and Mrs. Bert Cooley, of Roosevelt township, passed away Friday afternoon, after an extended illness.

The funeral will be held from the home on Sunday afternoon at two o'clock, and interment made in Dykeman cemetery.

Leaves Husband, Father and
Other Relatives

Mrs. Andrew Smraker passed away at 2:15 o'clock this morning, death resulting from pleurisy.

Harriett Regester was born in Sioux City, Iowa, January 5th, 1884. She was united in marriage to Mr. Smraker in 1905 at Fairmount, N. D. From that state they moved to Little Falls, and to Brainerd, where they have resided for the past three and a half years.

In addition to her husband, Mrs. Smraker is survived by her father, two sisters and one brother.

The funeral will be conducted at 8:30 Monday morning from St. Francis Catholic church, and interment will be made in Evergreen cemetery.

"LIGHTED CROSS SERVICE"

Novel Feature to be Introduced at
Methodist Church Sunday
Evening

A very novel feature will be introduced into the services at the Methodist church tomorrow night in the "Lighted Cross Service." One Minneapolis church has employed this service and it has been most favorably received.

Mrs. B. L. Mathiesen will sing "Eye Hath Not Seen" from the "Holy City." This is Mrs. Mathiesen's first appearance before a Brainerd audience. She enjoyed a splendid reputation as a sacred song soloist at Glenwood, for former residence.

The enlarged orchestra will also add to the musical interest of the service and Fred E. Lind will lead the congregational singing which has been so much enjoyed. It is expected that a large crowd will attend this service.

Drama League

The Drama League will meet Monday afternoon at the home of Mrs. W. A. Spencer, 601 Kingwood street. Mrs. D. E. Whitney will read "Daddy Goes A'Hunting" by Zoe Akins.

Elks Steering Committee Outlines
Plan of Action at Meeting
Tonight

SPEEDY WORK IS URGED

Initial Checks Are Already Coming
in to Salvation
Army

With the opening of the Heart Fund campaign just a week away, the Elks Steering committee will meet this evening in the directors room of the First National Bank to name all campaign workers for every part of Crow Wing county and lay plans for an effective campaign.

A worker for every district in the city will be organized between now and Monday, March 3, when all representative committees will meet for the "send-off."

Speedy Work Urged
"Speedy work, a lot of enthusiasm and work" will put the campaign "over the top" on time, was the decision formulated by the steering committee.

The fund now being raised will finance the work of the Salvation Army in Brainerd during the ensuing year.

The slogan of the campaign is "Put Your Heart Back of Her Service," and the campaign will be symbolized by a Salvation lass in front of a big red heart.

Initial Checks Coming In
Checks have already been received for the Salvation Army "Heart Fund," was announced at campaign headquarters in the Chamber of Commerce this morning. This indicates a spirit prevalent which surely shows that Brainerd, as a city, is "back of her service."

S. A. Moral Disinfectant
Because the service of the Salvation Army is so all-inclusive, not even limited to the famous fifty-seven varieties, and benefits directly or indirectly every class, condition, creed

and age, the appeal is a strong one. The Army does not come before the public in this appeal as a beggar, but as a benefactor and as an avenue through which the prosperous may most wisely help the needy, through which the law-abider may best cure the law-breaker.

There is no one who will not be very materially benefited by this "Heart Fund." Because of the work that will be supported by the proceeds during the coming year, our community will be a safer place to live in, will be more immune to the enemies of good government, will be freer from the pestilence of discontent which always generates in hunger, neglect and want.

The S. A. applies moral disinfectants wherever it goes.

Cause and effect are sometimes so inextricably mixed they are hard to separate. It is so with sin and extreme poverty. The Salvation Army solves the problem from both ends and works toward the middle; on the one hand it relieves physical distress, extricates the unfortunate from adverse conditions, provides the means by which economic independence may be attained and at the same appeals through the heart to the heart through simple, old-fashioned, but ever-powerful religious teaching.

The Salvation Army is depending on the citizens of Brainerd to come forward at this time with the money which is absolutely necessary to "carry on."

THE CARSHALTON A Well Planned Firesafe Farm Home.

Fire-safety is of great importance in the farmhouse or in farm buildings of any sort because of the lack of fire-fighting apparatus and the difficulty of controlling a blaze once started. There are so many risks present in barns, machine sheds and other buildings with their inflammable contents and fire protection is so inadequate that every means possible should be taken to reduce the chances for loss. Fireproof construction is the surest means to this end and it has been found that concrete block or tile masonry is the most economical form of fire-resisting wall. Such construction is usually finished with portland cement stucco in a warm tone or attractive surface texture, which does not require repainting and maintenance expense.

This small house, the Carshalton, designed by the extension division, College of Agriculture, Ohio State University, represents the best modern ideas in planning the fire-safe farm or suburban home.

In addition to the usual living room with its comfortable fireplace and built-in seats, a large dining room and convenient kitchen, there is a practical farm office on the ground floor. Here the farmer can keep the records of the various farm departments without being disturbed by the other activities of the household. The full basement has been particularly well planned. It is reached from a grade entrance and has a large washroom and

laundry, adequate furnace room and coal storage and an excellent cellar for fruit and vegetables.

On the second floor are three good-sized bedrooms. Each is well lighted and has cross ventilation and a roomy closet. A linen closet is in the hall just outside the bath. The roomy front porch makes a delightful resting place during the noon hour or in the twilight at the close of the long summer day.

A south exposure is best for this house although it may be built to face any direction and prove to be entirely satisfying. It is the kind of house that will please many persons and can be changed in plan to suit individual needs. The farm office, for example, might be omitted and this additional space be included in the living room. If this were done the fireplace might be built at the other end of the room and the dining room made larger.

MUCH BUILDING IS PROMISED IN 1924

Seems to be the Consensus of Opinion Among Contractors and Dealers

INTERVIEWS ARE QUOTED

Prices in Building Material Lower Than In Some Years Past

"Prospects in the building line look very promising for 1924," said Milton Mahlum, of the Mahlum Lumber Co., "In fact January of this year showed a good increase over the same month of 1923."

This seems to be the consensus of opinion among contractors and dealers in building materials. While normally, the building program does not usually begin much before May 1st, several have already had estimates drawn up for homes in the city to be erected this season.

L. F. Hough of the Standard Lumber Company states that he has sold several bills of lumber for lake cottages to be built just as soon as possible in the spring, and the other lumber dealers report similar contracts. In the opinion of all, this will be the biggest year for new lake cottages that this section has known for a number of years.

There are also excellent prospects for much bigger building enterprises during the year, although nothing has been definitely given out. It is hoped that this year may see the letting of the contract for the new and much talked of high school. Then there is a possibility of a five story hotel for Brainerd, and there are rumors of a large power plant at the local Northern Pacific shops.

As an incentive to those who have been planning to build in the future, comes the pleasant news that prices in building material is lower this year than in some years past. This fact alone will no doubt lend added impetus to construction that had been postponed over a period of several years because of high construction costs.

R. L. Geist of the Hayes-Lucas Lumber Co. states:

We look for a substantial increase in building activities this year over last year due in part to the improved financial conditions generally. Added

to this is the fact that building material is the lowest in price that it has been in years and the present cost of building is no longer a bar to the erection of any building desired.

We now have plans and estimates in the making for several modest city and country homes as well as numerous lake cottages.

A few lake cottages have already been sold and delivered which goes to show early and increased activities in this class of building.

We are also in a position to aid prospective builders in the securing of necessary finances with which to carry on home building, and we believe this added service will be the means of getting more badly needed homes for Brainerd people.

Our plan and estimating department is complete and at the service of anyone desiring this help without any obligation whatever.

13-YEAR-OLD BROWN SWISS COW BREAKS TWO WORLD RECORDS

Believe it or not but it's true that "Believe," a 13-year-old Brown Swiss cow owned by F. P. Minette & Son of Sauk Centre, has just broken two world's records for a year's production of milk and butterfat.

Believe was born August 8, 1909. She calved last on February 10, 1923, and went under test of the official testing service at University Farm on February 13, 1923. Her record for the year was 25,847.8 pounds of milk and 1,002.62 pounds of fat. This is the world's record for all ages for both milk and fat in the Brown Swiss breed and also a world's record of fat for cows of 13 years or over, says W. E. Peterson of University Farm, who is in charge of official testing. The new champion displaces Hawthorn Dairy Maid whose record was 22,622.6 pounds of milk and 927.23 pounds of fat in a year.

Believe was bred by Dr. H. C. Taylor, then of the University of Wisconsin but now with the United States Department of Agriculture at Washington. Mr. Minette obtained her at a public sale five or six years ago. During her test she was milked four times a day.

Local Firm Gets Order for 2,000 Barrels of Cement to be Furnished Evergreen Mine

Outside capital has been secured to assist in financing home building in Brainerd. This should be welcome news to many who are planning to erect dwellings this season. The Mahlum Lumber Company has secured this capital to be used in a plan similar to that offered by this firm last year, more information on which will be given out by the company in the near future.

The Mahlum Lumber Company, with a yard in Crosby, states that the outlook on the Cuyuna range is very bright for much building this season. The company has already sold one big order to the R. M. Adams Co., to be used in a sintering plant at the Evergreen mine, a plant similar to the famous one at Babbitt, Minn. The order calls for a quarter of a million feet of lumber and two thousand barrels of cement, which will be furnished by the local firm.

It is interesting to note that the Mahlum Lumber Co., is adopting a policy in its relations to its employees, that many large corporations are finding so successful. All of these employees with the exception of one have been taken into the firm as stockholders. An employee's "Pep Sheet" is issued each month, and resembles the house organs in use by numerous wholesale houses to keep in close touch with their employees and give them information on current conditions that exists in relation to their own particular line of business.

Arlington, Minn., Feb. 23.—The Arlington high school boys team won the championship of district No. 9 and their ninth consecutive victory here by defeating Gaylord high, 10 to 7, at basketball. They have not been defeated this season. The Arlington boys team will enter the tournament at St. Peter. In a preliminary game the Arlington girls lost to the Gaylord girls, 12 to 10.

BUILD NOW

Conditions Favor It

The best building weather possible can be expected in the next few months, and other conditions as well favor those who need new homes, barns, granaries, corn cribs or other improvements. This year we look for a much delayed building boom that must supply a lack of homes throughout the country and this means shortage of material and probably higher prices. Build now and avoid any such inconveniences and loss. Right now material and labor are plentiful. Take advantage of these conditions. We have plans for the kind of a building you want.
